WORK EXPERIENCE

Front-End Developer

Sofyrus Technologies, Aligarh, India

May 2023 - Present

- **Responsive UI Development:** Developed responsive and interactive user interfaces using HTML5, CSS3, JavaScript, React, and Tailwind CSS, enhancing website usability and functionality.
- **Collaboration:** Effectively collaborated with designers and back-end developers to seamlessly integrate visual and interactive elements into web applications, ensuring cohesive and engaging user experiences.
- **Cross-Browser Compatibility:** Implemented cross-browser compatibility and optimized performance for diverse devices and screen sizes, enhancing user accessibility and experience.
- **API Integration:** Integrated RESTful APIs to fetch and display dynamic data on web pages, ensuring real-time content updates and improved user engagement.
- **Continuous Learning:** Proactively stayed updated with the latest trends and best practices in front-end development, consistently applying new knowledge to enhance project quality and innovation.
- **Soft Skills:** Emphasize soft skills like communication, teamwork, problem-solving, and adaptability, which are crucial for success in any development role.

PROJECTS

Inspect This Car (ITC) Web Application

- Developed 'Inspectthiscar', a web app for Canadian clients, optimizing appointment scheduling for vehicle service shops.
- Reduced appointment booking time by 20% through a user-friendly interface, enhancing customer satisfaction.
- Increased user engagement by 15% with seamless appointment scheduling, improving overall platform interaction.
- Enabled super-admin blog updates, boosting engagement and trust, leading to a 25% increase in user retention.
- Integrated blogging into Strapi CMS, boosting content management, resulting in a 30% efficiency increase.

Outsource Management System (OMS) Web Application

- Developed an "OMS" for a Riyadh-based client, enhancing operational efficiency and record management.
- Enabled super admins to add and manage employee services, including iqama, visa, health insurance, and payroll options.
- Provided a system for employees to request services, streamlining the process and improving accessibility.
- Implemented tracking of employee records, including expiration dates for visas, iqamas, and health insurance.
- Ensured compliance and seamless operational continuity through automated renewal and management services.

Responsive E-commerce Web Application (In Progress)

Personal Project

- Built an e-commerce web app using HTML5, CSS3, Tailwind CSS, React, and Vite for a responsive and modern interface.
- Implemented interactive front-end functionality with JavaScript and React, ensuring a fast and dynamic user experience.
- Utilized Strapi CMS for dynamic content management, including product updates, real-time filtering, and secure payments.

React-Based Personal Portfolio

Personal Project

- Created a responsive portfolio website utilizing HTML5, CSS3, and Tailwind CSS for a modern, polished design.
- Integrated interactive features and animations with JavaScript and React.js, enhancing user engagement and experience.
- Optimized performance for fast loading times and seamless navigation, ensuring a user-friendly and accessible interface.

EDUCATION

Dr. A. P. J. Abdul Kalam Technical University.
Bachelors of Technology(Computer Science)

Lucknow, Uttar Pradesh
2022
