WORK EXPERIENCE

Front-End Developer

May 2023 - Present

Sofyrus Technologies, Aligarh, India

- **Responsive UI Development:** Developed responsive and interactive user interfaces using **HTML5, CSS3, JavaScript, React, and Tailwind CSS**, enhancing website usability and functionality.
- **Collaboration:** Collaborated with designers and back-end developers to integrate visual and interactive elements into web applications, ensuring cohesive and engaging user experiences.
- **Cross-Browser Compatibility:** Implemented cross-browser compatibility and optimized performance for diverse devices and screen sizes, enhancing user accessibility and experience.
- **API Integration:** Integrated **RESTful APIs** to fetch and display **dynamic data** on web pages, ensuring **real-time** content updates and improved user engagement.
- **Continuous Learning:** Proactively stayed updated with the **latest trends and best practices** in front-end development, applying new knowledge to enhance project quality and innovation.
- **Soft Skills:** Emphasized communication, teamwork, problem-solving, and adaptability, which are crucial for success in any development role.

PROJECTS

Inspect This Car (ITC) Web Application [↗](#)

- Developed a web app optimizing appointment scheduling for vehicle service shops, reducing booking time by 20%.
- Integrated blogging and super-admin updates in Strapi CMS, driving a 25% increase in user retention and trust.
- Enhanced content management efficiency by 30%, delivering a user-friendly interface and significantly boosting platform engagement.

Outsource Management System (OMS) Web Application

- Developed an "OMS" for a Riyadh-based client, enhancing operational efficiency and record management.
- Enabled super admins to manage employee services, including iqama, visa, health insurance, and payroll options.
- Provided a system for employees to request services, streamlining the process and improving accessibility.
- Implemented tracking of employee records, including expiration dates for visas, iqamas, and health insurance.

Responsive E-commerce Web Application (In Progress) [↗](#)

Personal Project

- Designing a fully responsive e-commerce application with interactive product display, shopping cart, and checkout features.
- Integrating payment gateway and implementing user authentication for a seamless and secure shopping experience.

React-Based Personal Portfolio

Personal Project

- Created a responsive portfolio website utilizing HTML5, CSS3, and Tailwind CSS for a modern, polished design.
- Integrated interactive features and animations with JavaScript and React.js, enhancing user engagement and experience.

EDUCATION

Bachelor of Technology in Computer Science

Dr. A. P. J. Abdul Kalam Technical University.

Graduated 2022

Lucknow, Uttar Pradesh
